

# WOMEN IN ASIA WAYS TO PRAY

For many women in Asia, life is incredibly difficult. Across the continent, oppression, and exploitation are often commonplace, leaving women without the basic rights and honour they are due as God's image bearers.

Yet God has not forgotten the women of Asia! He is using His people, often women themselves, to minister into challenging circumstances despite the obstacles they face.

## ONE

Throughout the Bible we see that women were created in God's image and have an important part to play in His unfolding plan.

**Pray that such a view of women would become more prevalent across Asia and that they would be treated with dignity and respect.**

## TWO

Approximately 25 million Asians are modern-day slaves today. Many of these are women and girls who have been trafficked into the sex industry.

**Please pray that God would put an end to this evil practice, and that Christians around the world would intercede in prayer and take action.**

## THREE

One of our partner organisations serves among sex workers and trafficked women in South-East Asia. They provide safe homes, counselling, and training alongside regular Bible study.

**Pray for the ongoing safety of these Christian workers, and that many would come to faith in Jesus Christ.**

## FOUR

Sarah is one of our long-serving Asian workers and is currently ministering to unreached women and nomads in Kashmir.

**Thank God for Sarah's wonderful testimony among the unsaved! Pray for safety as she travels to remote mountainous regions and for fruit as she sows the seed of the gospel.**

## FIVE

Many women in Asia have come under increased pressure to provide for themselves and their families during the pandemic.

**Thank God for our partners who provide food. Pray that many would come to trust Him through these practical ministries and that God would meet their needs.**

## SIX

Women in Muslim-majority countries face a distinct set of challenges from political systems and cultural traditions.

**Pray for women experiencing the effects of discrimination in the courts, the workplace and at home, and ask Jesus to reveal Himself to many Muslim women.**

## SEVEN

Sharia law is once again being enforced by the Taliban in Afghanistan, having a particularly devastating impact on women.

**Pray for Afghan women who have lost many of their rights and freedoms so abruptly. Pray that many would turn to Jesus in their hardship and find eternal freedom in Him.**
